

aerus®

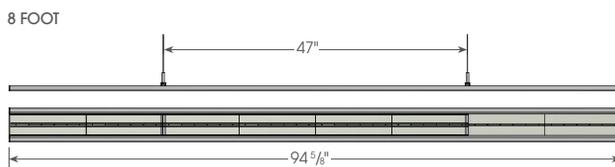

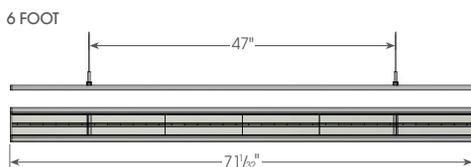

People-first office lighting designed to turn comfort into productivity.

Aerus was made for people inside commercial and institutional settings, essentially eliminating glare and poorly lit spaces. With indirect/direct illumination and state-of-the-art optics, the lighting solution creates an environment for more comfort, control and productivity. The thin-profile solution leverages low-voltage, aircraft cable that supplies power to the fixture without a visual power feed. AERUS mounts 12" below the ceiling compared to the industry standard of 18" to 24", eliminating "hot spots" on the ceiling and yielding wider spacing that delivers the IES standard for office lighting with minimal fixtures.

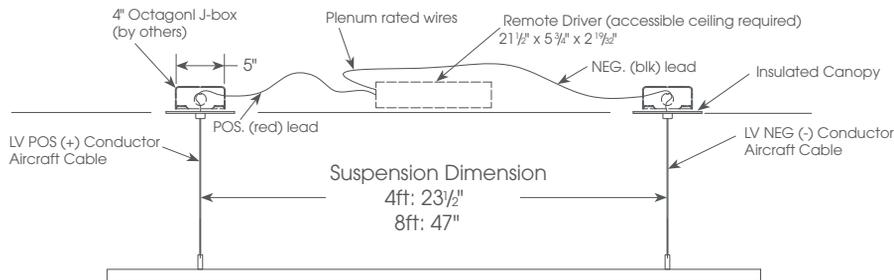

Joiner Clip
No thru wiring

AIRCRAFT CABLE POWERED SUSPENSION:
(Also available with low voltage mini cable mounting)

Application:
**Commercial,
Institutional Settings**

AERUS

- Type:** Indirect/Direct, Cable Suspended
- Wattages:** 5W/ft, 7W/ft, 10W/ft
- Lumen output:** 4,782 max; 123.8 Lm/W (10W, 4' fixture)
- Color Temp:** 3000K, 3500K
- CRI:** 90 typ.
- Dimming:** 0-10V, 1% dimming (standard)
- Finish:** Matte White, Black, Silver
