

LUNETTA®

WALL MOUNT

BOLLARD

TRANSFORMATION FROM THE TOP DOWN.

Lunetta turns traditional lighting upside down with illumination that begins at its flared top and gracefully continues along its entire body for a sophisticated, seamless look.

Our area and bollard luminaires are now joined by our new wall mount Lunetta.

Lunetta's sleek, curved design creates visual drama that reinvents the nightscape; and does it beautifully. With exceptional performance, stunning output, and hidden LEDs Lunetta produces a radiant graded effect.

Lunetta. It's a revolution in outdoor lighting, from the top down.
