

Cylindrix³

Introducing the **Cylindrix³ LED** – the world's most advanced track head.

The exciting new Amerlux Cylindrix³ LED has arrived, delivering our greatest lumen output to date for accent lighting. Features include a regressed single light source for enhanced visual comfort, integrated heat sink, and lumen output equal to mid range ceramic metal halide. With passive and active cooling options, full dimmability, and interchangeable reflector optics (15/25/40 beam spreads), Cylindrix³ LED also helps reduce energy and maintenance costs. Available in recessed multiples. To learn more, visit www.amerlux.com or call 973.882.5010.

Experience the Cylindrix³ LED at GlobalShop, Booth #2817.
