## One of the largest selections of Energy Star® approved products.

### Energy Performance • Lumens Delivered • Color Uniformity

Amerlux offers a variety of Energy Star approved fixtures to deliver performance and color but also deliver the energy efficiency/savings that make them perfectly suited for today's accent or general lighting applications. Fashionable, functional and long-lived, these LED luminaires control operating costs, while retaining the pop, color and intensity you love – with much lower wattage and maintenance costs backed by an industry leading limited 10yr warranty.

Achieve your desired lighting design as well as grab all utility incentives available. Amerlux can help. Contact our Energy Services group at **973.882.5010** or visit our website **amerlux.com** for more information.
