

# A beautiful revolution.

---

## Amerlux® Lunetta

  
amerlux  
Passion. Power. Performance.

# Change the way you view exterior light.

---

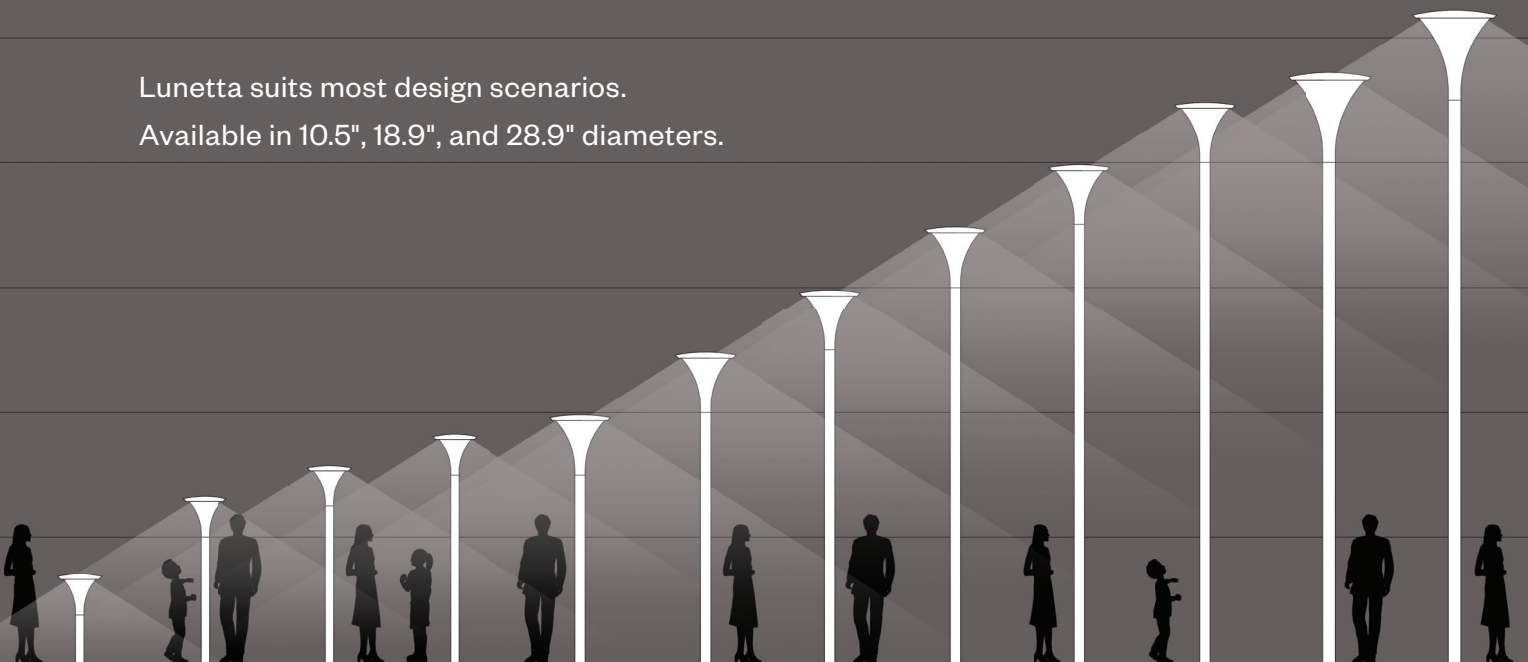

**Introducing Lunetta, a spectacular new area and pedestrian-scale luminaire.**

Unlike traditional segmented pathfinding lights, Lunetta's entire body appears to illuminate from the top down, creating a sophisticated, seamless visual effect.

**Innovation. Performance. Flexibility.**

Lunetta surpasses performance and output expectations. Its hidden LEDs create a gradated effect, and ground-level light distribution is soft and Lambertian.

Lunetta suits most design scenarios.  
Available in 10.5", 18.9", and 28.9" diameters.

Lunetta is one of the latest Amerlux products inspired by lighting designers to create beauty efficiently and advance the way we all experience light.

## 10" LED Walkway Bollard

---

- (40) High brightness SMD LEDs delivering approximately 1,440 lm
- Sealed under polycarbonate optical lens, resistant to UV and thermal shock
- Electronic driver operates at 550 mA with 120v-277v AC input
- 0-10v dimming
- 18", 24", 30", 36", 42"
- 12W

## 18" LED Pedestrian & Area Luminaire

---

- (60) 4,000K mid-flux SMD LEDs delivering approximately 2,800 lm from a white luminaire
- Sealed under polycarbonate optical lens, resistant to UV and thermal shock
- Electronic driver operates at 600 mA with 120v-277v AC input
- 0-10v dimming
- 10', 12', 14'
- 45W

## 28" LED Pedestrian & Area Luminaire

---

- (90) 4,000K mid-flux SMD LEDs delivering approximately 4,620 lm from a white luminaire
- Sealed under polycarbonate optical lens, resistant to UV and thermal shock
- Electronic driver operates at 850 mA with 120v-277v AC input
- 0-10v dimming
- 12', 14', 15', 16'
- 60W
