

Lunetta

18" LED Pedestrian & Area Luminaire

LUN18 / WHT

Features

Conventional exterior lighting, no matter how utilitarian or thoughtful the design, involves a bright luminaire and a dark pole. *Lunetta™* breaks from convention by allowing both luminaire and pole to become illuminated as one. A straight round 4" aluminum pole emanates from the ground and begins to flare until gracefully reaching the recessed light source running around the perimeter. The LEDs graze light down the face of the flared luminaire and post creating a comfortable yet efficient lighting element.
